

Caltech Energy Conservation Investment Program Ultra-Low Temperature Freezer Rebate Application

The ULT Freezer Rebate Program provides incentives to replace old, inefficient freezers and purchase new, high-efficiency freezers. Please fill out the Rebate Application and submit it to FreezerRebate@caltech.edu or fill out our online form at www.sustainability.caltech.edu/GreenLabs/Freezers as soon as you are considering the replacement or purchase of a freezer. Funds are limited and Caltech Facilities Management will allocate rebates on a first-come, first served basis.

Contact Information

Name: [Redacted]
Email: [Redacted]
Phone #: [Redacted]
Department: [Redacted]
Division: [Redacted]
Building: [Redacted]
Lab/Room #: [Redacted]
(where freezer to be installed)
PTA: [Redacted]
(for transfer of rebate)

Freezer Information

Replacement – fill out if replacing an old existing freezer

Make/Model of Existing Freezer [Redacted]
Make/Model of Replacement Freezer [Redacted]
Manufacturers Specification of Energy Use (KWH/Day) [Redacted]
Expected Installation Date [Redacted]
Preferred Pre-Verification Date [Redacted]
(Required to verify performance)

New – fill out if buying a new energy efficient freezer (i.e. new lab, expanding freezers in lab, etc.)

Make/Model of New Freezer [Redacted]
Manufacturers Specification of Energy Use (KWH/Day) [Redacted]
Expected Installation Date [Redacted]

Process and Requirements

- Complete & Submit** rebate application
 - Must be submitted prior to purchase
- If replacement, **arrange** pre-verification appointment to verify existing ULT performance
- Caltech Energy Services** will **determine** rebate amount
- Department** will **purchase** freezer and coordinate installation
 - Preferred pricing may be available for select high efficiency models. Contact Energy Services for more information.
 - Freezer must be used on Caltech's Pasadena campus and remain operable for no less than 8 years. Subject to annual audit.
- Provide** the following to Energy Services:
 - Documentation of disposal of existing freezer in coordination with EH&S Department (including removal Work Order #)
 - Payment confirmation (PO Number) for new freezer
 - New freezer make/model/serial number and installation location
- Once all information is received, the rebate will be sent to the PTA you specify

Eligibility and rebate amount, based on expected energy savings, will be confirmed upon review of your application. Once confirmed, all required steps must be completed to receive your rebate. Final rebate subject to change based on verified energy savings, changes in utility rates, and funding availability

FOR INTERNAL USE ONLY

Application submission/rebate reservation date: [Redacted]

Replacement

Verified demand of existing freezer (KWH/Day): [Redacted]
Expected Energy Savings (KWH/Day): [Redacted]
Expected Rebate*: [Redacted]

New

Expected Energy Savings (KWH/Day): [Redacted]
Expected Rebate*: [Redacted]
